# .hello

We are .tribe.

We would love the opportunity to host our brunch event at your establishment.

We believe with given the opportunity our brunch would create an unforgettable experience for guests.

.tribe events are usually held on Sundays & bring in a crowd around 300+. It's a super chill, afro beats-brunch vibe.

Allow us to introduce you to .tribe

# .About Us

.tribe is a brunch  
& beats experience

a place where .tribes can unite under the commonality of love for food, music & arts. Afro-beats, hip-hop & r&b. At each event we have different DJ's to create new experiences for our .tribes & give more exposure to local restaurants & DJ's.

**the vibe//:**

diversity, love and unity. Tribe was created to be a lively beats & brunch. It is a place where everyone can come with their tribes to enjoy delicious food & drinks, while experiencing different DJ's playing music that unites us. Our brunches are loud positive vibes. Break bread, vibe out, have a mimosa and have an opportunity to meet new people and grow your tribe.

women founded, operated & owned.

## MUSIC & FOOD IS LOVE

Culture is not only missing, but necessary in Boston. Inspired by the brunch and music scene in which .tribe has experienced globally, we would love to see that reflected in our community. We seek out and rely on locations that have an undeniably delicious menu that we can combine our music & vibes with, creating a new experience not only for your establishment, but also Boston.

On average .tribe fulfills over \$9,000+ in food and beverages.

tribe has been successful with numerous sold out tickets (*within minutes*) to our events. Bringing new customers to local restaurants. Creating opportunities for local dj's, artists, entrepreneurs. Our main goal is to create an experience where people can enjoy food & drinks, while vibing out to their favorite songs.

We would love to bring the vibes to you!

THANK YOU, AND WE LOOK  
FORWARD TO WORKING  
WITH YOU.
